The Parent Support Group (PSG) is an informational peer support group led by parents who successfully completed their CPS case. This support group allows you to talk to other parents who are going through or have been through what you're currently experiencing. It is tough! The PSG was created to give parents insight into working with Saint Francis Ministries and CPS and to help Saint Francis Ministries and CPS learn from the parent's perspective how to best help. Please join us for snacks, conversation, and great company!
